

SNOW LEOPARD SISTERS

BIFF CALL2ACTION Program

Co-presented by Boulder Open Space Conservancy

Action 1: ENJOY RESPONSIBLE RECREATION & GET MUDDY!

Preservation of habitat and wildlife are key goals of both BOSC and Open Space and Mountain Parks (OSMP). Going "off-trail" causes erosion so plan to get muddy! Step right into puddles. Hiking shoes dry overnight. Plants take years to recover.

Action 2: VOLUNTEER

Volunteer this summer with OSMP for trail maintenance, habitat restoration and other opportunities at www.volunteerosmp.org.

Action 3: SPONSOR

Recommend that your employer partner as a sponsor of BOSC. Multiple levels of sponsorship are available. Contact Alyson@bosc.org for more information.

Action 4: DONATE AND FOLLOW THE STORY

Donate to BOSC at www.bosc.org. Spread the word with friends, family, co-workers, and especially – anyone you know who is new to the Boulder community. Follow us on Instagram and Facebook.

Action 5: JOIN THE BOSC BOARD

Consider joining the BOSC Board of Directors. A commitment to preservation of our beautiful open space is the main requirement!

Action 6: DIVE INTO ECOLOGY

Learn about the wildlife that lives in your backyard at www.osmp.org.

Action 7: INVITE YOUNG PEOPLE TO DISCOVER NATURE AND GET INVOLVED OUTDOORS

Check out the [OSMP Jr. Rangers Program](#), [participate in a nature hike or program](#), [volunteer with OSMP](#), or [request a field trip](#) on open space.
